

Jennifer Medillin

Tadeo Services LLC is a Women Veteran-Owned Small Business (WVOSB) based in Columbia, Maryland, specializing in workflow development, training solutions, DoD platform integration, and creative communications support for government, defense, and commercial organizations. The company delivers practical solutions that improve operational readiness, streamline knowledge transfer, and enhance organizational effectiveness.

Company Overview

We provide integrated Program Management, Training & Workflow Development, Integrated Logistics Support (ILS), Graphic Design & Visual Communications, and DoD Platform Integration capabilities supporting complex defense and surveillance programs.

Our Program Management capabilities include scope, engineering requirements, budgets, schedules, resource forecasting, risk management, and reporting using MS Project, MS Project Online, Anaplan, and Jira.

Our Training & ILS capabilities include Technical Manuals, Quick Start Guides, Student Guides, lesson plans, Operator/Maintainer Tasks, Reliability Analysis, Maintenance Task Analysis, FMECA, Maintenance Concepts, and LORA development, supporting maintenance, training, sustainment, and knowledge transfer.

Our Graphic Design & Visual Communications capabilities include capability statements, technical illustrations, infographics, presentation and briefing materials, training graphics, visual learning aids, branding, marketing collateral, and digital content.

Our DoD Platform Integration experience includes the Light Weight Vehicle Surveillance System (LVSS), Argus XL ADA C-UAS, and Cerberus XL C-UAS, supporting the integration of program management, training, logistics, technical documentation, and visual communications across complex DoD systems.
